# Patio Heater Instructions

## **HEATER MUST BE IN WELL VENTED AREA**

### Operations Instructions

1. Turn propane bottle on about 2 full turns.
2. Push down on knob until the flame lights.
3. Hold for about 5 seconds.
4. Turn knob to desired temperature.
5. When turning off, turn knob to off and turn propane bottle off.

***Machine operates best when plugged in on its own breaker  
A 110 outlet is required to operate***
